

Groove Trivet

“The linear grooves in the marble give the Groove Plate a graphic expression and serves as a nice contrast to the natural structures and patterns in the marble. Use the Groove Plate as a base for a stilleben to display your favorite objects, or bring it into your kitchen and use it as a serving plate for food or as a trivet on the table for hot plates.”

Environment	Indoor
Country of Production	China
Preassembled	Yes.
Description	When used as a trivet for hot or cold items, the carved trenches of the Groove Trivet allows air to flow through, leaving the table underneath it undamaged. Though a functional object, the Groove Trivet can also be used as a decorative piece, whether it be as a tray, stand, or on its own, adding texture to any room. Visual variations of the marble render each piece entirely unique; the trivet is available in two sizes and three colors.
Material	Raw marble is cut, shaped and the surface is oiled.
Cleaning & Care	Hand wash only.
