

Cosy In Grey Table Lamp

“The basic idea was to create a lamp series with space atmosphere. I put my trust in the natural material of glass, in its beauty and its changing reflections. The lamp series consists of a white and grey version that both, and in their own way, bring forward the beauty of electrical light. The lamps are at their best in the late evening, creating a cosy mood around them.”

— Harri Koskinen

Designed by	Harri Koskinen / 2006
About the designer	Harri Koskinen is a leading designer from Finland and has been named designer of the year in Finland. He has also received several best product awards from around the world.
Environment	Indoor
