

Base High Table

“I wanted the table to have its own character but not be imposing. The design aim was to reduce the table to its archetypal form. The functional simplicity of Base is supported by behind-the-scenes technology to create a slim, lightweight and strong table. At the same time, Base is friendly and welcoming in the way it looks. The result is a versatile metal frame table that can be extended into a very large conference table or just as easily used as a simple dining room table.”

— Mika Tolvanen

Designed by	Mika Tolvanen / 2018
About the designer	Mika Tolvanen is part of the Finnish Rehti Design group. After graduating from the Royal College of Art with a Master in design in 2001, Mika established his own design office in Helsinki. He has since worked with some of the world's top designers and manufacturers.
Environment	Indoor
Country of Production	Denmark
Preassembled	No - Assemble legs and mount to tabletop.
Description	The Base High Table references the heritage of Scandinavian design through its simple frame and subtle details. With its design harking back to the essence of a table, the Base High Table comes with either a veneer edge for a touch of Scandinavian materiality or an edge in ABS for a monochrome appearance, paired with the elegant shapes of its table top and frame. Use the design in any workplace, educational institution or hospitality space for notes of Scandinavian simplicity.
Material	Tabletop in plywood with either laminate, linoleum or oak veneer surface with a water-based lacquer. Plywood or ABS edges. Frame and legs in powder coated aluminum. Oak veneer: slight color variations can occur due to the inherent characteristics of the material.
Cleaning & Care	Clean the table with a damp cloth. If necessary, use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended for optimum saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH neutral cleaner and wipe dry to remove any residues.
Spareparts	Adjustable set screws as well as a cable management system is sold separately.
Castors	The Base High Table with castors allows for easy movement of the design to support the agile and evolving needs of the modern workplace. Available as made-to-order in matching color for Black and White bases. All four castors can be locked. The Base High Table with pre-mounted castors has the same total height as the version without castors. The castors are recommended for hard (wooden) floors and hard carpets only.
